

Sabiha Khan
Marketing, Design & Communications

PLACEHOLDER -- this is a stand-in download, not a real CV.

Replace this file with a real, public-safe PDF (no personal phone number) before launch. See docs/brief.md and the launch checklist in README.md.

A full, real bio and career history already appear on the About page of this site -- this file exists only so the "Download CV" button on that page has something to point at while a proper PDF is being prepared.
